Amber has been cutting and styling my hair for at least 10 years now She is the only person I would ever let cut my hair. When I first met Amber, I had long hair and I said, "I think I want to cut my hair and I would like a new style." She assured me it would look great and slowly cut and styled my hair and yes, it looked beautiful. She is honest and very talented. She knew what kind of hair I had and what could be done with it. She is reliable and always on time. A true winner.

I've been in Florida for a long time. Went to many hair stylists...then I found Amber. What a delight! Amber has a very keen eye for color. I totally trust her. Her haircuts are fabulous...I don't have any problems caring for my hair between visits, it always looks great. I am constantly getting compliments! The salon is spotless and takes strict precautions for Covid. In addition, she is always on time and fun to be with. I think Amber is so talented.

I have been going to Amber for about 15 years and she is amazing at what she does. She always has her pulse on the trends and how to maintain your hair. She is also a lot of fun to talk to and I look forward to every visit. She doesn't overbook and you feel you get the one-on-one experience and that she is there for you. I have followed her around and will continue to do so. Love her so much!

I love everything about the experience at Blackbird Hair Studio! Amber has cut and colored my hair for years and I drive from northern palm beach county just to see her time and again. The atmosphere is relaxed and fun, the parking is easy, and my hair comes out great every time! 5 stars!! Can't wait to go again!

Amber has been doing my hair for over 15 years. People stop me in stores wanting to know if my hair color is natural and who cuts my hair. Of course my color and highlights are done by Amber. The haircut is such that I never have to do anything. Just wash and go. I would never let anyone but Amber do my hair.

Through the last fifteen years I have been a client of Amber's and much like any hairdresser she has become not just my beauty guru, but my therapist and sounding board, in fact I'd say she's an amazing talent, so much so that I have recommended her to whenever mentions the need of a stylist. You see, Amber is not just a colorist and someone who turns clippers into a magic wand. When you leave her salon, you leave feeling rejuvenated, refreshed and complete. Additionally there is no stress or anxiety because while you sit in that chair (actually you feel like you're on a throne) Amber listens to you, she makes you feel like you are part of the process, you are involved in choices and so her accomplishments are yours as well. I trust her so much that I have not just given her name to friends and non friends, but my mother and three daughters are all her clients, and they too trust her implicitly.
